合併情況下的最長暫停期從過往的兩日更改為五日。

**投資限制的變動**

## Memo

Please be informed the changes to investment option(s) which linked with the underlying fund(s) of BNP Paribas L1 – Equity World Materials “CC” and BNP Paribas L1- Equity World Utilities “CC”. The following changes will be incorporated in the next version of the prospectus (June 2012):

### Suspensions of Calculation of NAV and Issue, Conversion and Redemption of Shares

The previous maximum period of 2 days for suspension in case of a merger will be changed from 2 days to 5 days.

### Change in the investment restrictions

Appendix 1 “investment restrictions” of Prospectus will be updated to the following effect:

In addition:

under point 7 c), a subfund may not invest in a UCITS or other UCI (underlying), with a management fee exceeding 3% per annum instead of 2.50% per annum.

In amendment:

14. A sub-fund may acquire shares of one or more other sub-funds of the Company (the target sub-fund), provided that: - the target sub-fund does not, in turn, invest in the sub-fund; - the proportion of assets that each target sub-fund invests in other target sub-funds of the Company does not exceed 10%; - any voting rights attached to the shares of the target sub-funds shall be suspended as long as they are held by the sub-fund and without prejudice of appropriate treatment in the accounting and periodic reports; - in all cases, as long as these target sub-fund shares are held by the Company, their value shall not be taken into account for the calculation of the net assets of the Company for purposes of verifying the minimum threshold of net assets required by law; - there shall be no duplication of management/subscription commissions or redemption between these commissions at the level of the sub-fund that invested in the target sub-fund and this target sub-fund.

### Redemption Fee

The Board of Directors reserves the right to take the necessary measures to protect the Company by charging an additional redemption fee of up to 2% on those investors who are suspected of using practices associated with “Market Timing” and “Active Trading”. The additional redemption fee is to be retained by the relevant subfund.

### Change in maximum limit on securities lending

Pursuant to the CSSF Circular 08/356, the limit of 50% concerning securities lending transactions will be replaced by “an appropriate level”. Upon the removal of such limitation on securities lending transactions, the sub-funds under the Company may enter into securities lending transactions of up to 100% of the aggregate market value of the securities in the sub-fund.

The abovementioned change(s) may have possible impact to policyholders’ investment options currently or upon future transactions in certain conditions. Please consider if you should take any action to response to them.
